BSC President

MESSAGE

On behalf of the Executive Committee of the Bahrain Society of Chemists (BSC), and its members, I would like to extend an invitation to your esteemed organization, to actively participate by sponsoring our upcoming 1st International Chemical Safety Conference and Exhibition event, which will be held during the period of October 27 - 30, 2025, in the Kingdom of Bahrain. This conference will attract keen interest from the major stakeholders in the region including academic institutions, oil and gas companies, and government organizations. This event is also a great opportunity for suppliers and vendors to showcase their products and services and network with the attendees. I do encourage you to actively participate as a sponsor of this great event and benefit from the many opportunities for your staff to learn, discover, and interact with their peers. It will be my pleasure to discuss the various ways in which you can participate, at your convenience.

Dr. A. Wahid Al Nakal
BSC President

Conference Chair

MESSAGE

On behalf of the Conference Organizing Committee, I would like to invite your organization to sponsor our upcoming 1st International Chemical Safety Conference And Exhibition "ChemSafe" during the period of October 27 - 30, 2025 at the Kingdom of Bahrain.

This event brings together professionals, subject matter experts and HSE leaders from Oil & Gas companies, government organizations, professional bodies, aluminum sectors and academic institutes to share knowledge, experience, perspective, insights and innovative ideas to meet the current and increasingly growing chemical safety HSE challenges. It is expected that this international conference will attract participation from all around the globe. Being a sponsor of this event, your organization will be offered a spacious booth to showcase your organization HSE excellence and services as well as other benefits highlighted in this brief guide. We invite you to make the most of these sponsorship opportunities. Our Sponsorship And Marketing Committee and myself will be more than happy to discuss your participation at your convenience.

Mr. Ali Al Qahtani
Conference Chair

About Bahrain Society of Chemists (BSC)

The Bahrain Society of Chemists (BSC) is a non-profit professional organization dedicated to advancing the field of chemistry in the Kingdom of Bahrain. Established to support and promote the interests of chemists, scientists, and professionals working in related fields, the society plays a vital role in fostering scientific research, education, and industry collaboration.

One of the key objectives of the Bahrain Society of Chemists is to enhance knowledge exchange among professionals by organizing conferences, seminars, and workshops. These events provide a platform for local and international experts to share insights on the latest developments in chemistry, environmental science, and industrial applications. The society also collaborates with universities and educational institutions to support students and researchers in their academic and professional growth.

In addition to its educational initiatives, the BSC works closely with governmental and private-sector organizations to promote the best practices in chemical safety, sustainability, and innovation. The society advocates for responsible chemical management, environmental protection, and adherence to international standards in laboratories and industries.

By bringing together chemists from diverse backgrounds, the Bahrain Society of Chemists plays a crucial role in the country's scientific and technological progress. Its efforts contribute to the development of Bahrain's economy by supporting industries such as petrochemicals, pharmaceuticals, and environmental sciences. Through its initiatives, the society continues to inspire and empower future generations of chemists, ensuring a strong foundation for scientific excellence in the Kingdom.

About Bahrain Health and Safety Society (BHSS)

The Bahrain Health and Safety Society (BHSS) is a non-profit organization dedicated to promoting occupational health, safety, and environmental awareness in the Kingdom of Bahrain. Established in 1979, the society has been at the forefront of advocating for best practices in workplace safety, risk management, and environmental protection.

The BHSS works closely with governmental institutions, private sector companies, and international organizations to enhance health and safety standards across various industries. It organizes training programs, seminars, and conferences to educate professionals and the public on important topics such as fire safety, hazardous material handling, workplace ergonomics, and emergency preparedness.

One of the key objectives of the society is to foster a culture of safety within Bahrain's workforce by raising awareness about the importance of accident prevention and compliance with occupational health and safety regulations. It also provides certification programs and collaborates with global safety organizations to ensure alignment with international standards.

By continuously promoting safety and well-being, the Bahrain Health and Safety Society plays a crucial role in protecting workers, reducing workplace hazards, and contributing to the sustainable development of industries in Bahrain. Through its efforts, the society remains a key advocate for creating safer work environments and improving public health in the Kingdom.

Conference Objectives

The ChemSafe 2024 Conference & Exhibition aims to achieve the following objectives:

1. Highlight the Innovation and Environmental challenges facing industry and society worldwide and in the Middle East.
2. Share innovative solutions to address these challenges.
3. Present an opportunity to network with other experienced professionals working in relevant fields.
4. Demonstrate the latest Environmental Safety products and services in the region.

Conference Topics

The industry and the public in this region and around the world are currently facing an increasing number of challenges.

The objective of this conference is to present the latest innovative approaches being developed to address these challenges, and share solutions that enable the industry to continue its operations while maintaining the highest level of Safety standards and clean environment with the contribution of latest chemical innovations. The challenges facing the industry include the growing concern about the impact of major incidents on safety and the environment; the high costs and financial liabilities associated with incidents; tighter regulations and stronger environmental requirements.

Marketing & SPONSORSHIP

Leading companies and consultants in the oil, gas, Chemicals, Aluminium, petrochemical and other industries have expressed their support for this event. This support is provided because these organizations and individuals believe that Chemical Safety issues are of significant importance in this region.

Both the conference and the exhibition provide a great opportunity for networking. The conference sponsors will enjoy direct access to potential and existing clients from their target market. Significant emphasis is placed upon the quality of the conference program that will attract key Safety, Chemistry, and Environment professionals from the region. This plays a crucial role in ensuring that the people you meet at the event are the people important to your business.

The Organizing Committee has established the following categories of sponsorship:

Exclusive Partner Sponsorship
